

**National Oceanic & Atmospheric Administration Cooperative  
Science Center For Earth Systems Science And Remote Sensing  
Technology (NOAA CREST)**

## **SUMMER BRIDGE PROGRAM**

# **JUNE 19 TO AUGUST 11, 2017**

## **Program Description**

- **8-week paid summer internship for eligible students (US citizens and GPA 3.0 and above)**
- **Research opportunities in Earth System Science and Engineering using Observations from NOAA satellites and Ground-based Measurements, with a goal of understanding & predicting changes in our Earth's Environment**
- **Site visits and Experiential learning opportunities**
- **Workshops in Remote Sensing, GIS and MATLAB**
- **Academic Year NOAA-CREST fellowship opportunities for eligible students**
- **Training opportunities for Sophomores to apply for NOAA Undergraduate Scholarship Program**

**HANDS-ON  
RESEARCH  
TRAINING &  
EXPERIENTIAL  
LEARNING IN NOAA-  
RELATED  
SCIENCES**

**STRENGTHEN  
YOUR RESEARCH &  
DATA ANALYSIS  
SKILLS**

**ACCESS TO  
SEMINARS &  
MENTORING FROM  
CREST ADVISORS  
& SCIENTISTS**

**EARN \$4000  
INTERNSHIP  
STIPEND**

**NOAA CREST**
